

# How to Register The Running Program™

**It's really  
very simple.**

**We've designed two  
Customer Plans for  
two different types  
of customers.**

**You decide which plan  
best meets your needs.**

**We handle the rest.**

# What You Get, FREE, If You Send in the Warranty Card†

## \* A Limited Warranty

If any disk in this box is damaged, or if you accidentally damage one, we'll be glad to replace it promptly with a new one, free, within 90 days from the date of purchase if you've sent us your Warranty Card or registered by phone. After that, just include a check for \$15 per disk. Please be sure to send the damaged disk(s), your name, address, and phone number, along with a brief description of the problem to:

**MECA Customer Service**  
**285 Riverside Avenue**  
**Westport, Connecticut 06880**

*For Federal Express Shipment, send an additional \$12.50.*

Forgive the legalese...but we must say that: 1—this warranty gives you specific legal rights which vary from state to state; 2—some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the limitation may not apply to you; 3—this is a limited warranty on the physical disks only, not the program contents; and 4—we *provide the program contents "as is" and without warranty.*

## \* A toll-free number for customer service is available to you.

Please call with questions:

**1-800-631-MECA (Continental U.S.)**

**1-800-633-MECA (CT only)**

For those of you who prefer a human voice to the mailbox, call us now to register as a MECA customer.

**\* We'll also notify you of new MECA products and product improvements or updates we make from time to time.** *This is the single most important reason to send in your warranty card!*

## \* Limitation of Liability

We have worked like crazy to make this program the finest of its kind, but we at MECA absolutely cannot—and do not—take any responsibility for the results, (good or bad) you get, or any direct, incidental or consequential damages you may incur using it. Nor do we guarantee the suitability of its advice to your situation. *The entire risk as to the quality and performance of the program is with you.* Your only remedy is limited to the replacement of damaged disks under the Limited Warranty.

**And Remember** *always* check with your doctor before you:

- Start an exercise program,
- Increase your training,
- Begin a diet,
- or if you injure yourself.

**And never** push yourself when exercising if you don't feel right.
